

Foreground

Grizzly Bear

Take on another shift
Palms in the middle, hands in the middle
Work out another rift
Something is muffled, another chuckle

This is a foreground
It is a foreground

A cross country miss
Take direction, can't connect it
I'm afraid this is
Ten detected, nine in a wreck and

A little jetty fight
Pattern evolving, motion insolvent
Something about this might
Take all evening, I'll just be cleaning

This is a foreground
It is a foreground
