

Enlighten Me

Grouplove

Let's call it quits and see what the future holds
I've been here before, yeah, we just went down this road
A long time to feel young, short time to get old
I was holding onto something, knowing you would just let me go
Yeah, I was holding onto something, knowing you would just let me go
I love it when I get high, hate it when it gets cold
Indiscretion is a blessing if you know how the truth is told

But I don't feel my life is real
I'm on the fence with common sense
Eternity in time is a never understanding
The lesson of my life is to never comprehending
No matter how much you spend trying to blend in
Or maybe on my deathbed I finally get an answer
Yeah, maybe on my deathbed I finally get an answer
Or tell me why it's always been this way
Indiscretion is a blessing if you know what you want to say

But I don't feel my life is real
I'm on the fence with common sense
Won't you enlighten me?
Won't you just set me free?
