

Walk on Water

Gucci Mane

(Ricky Racks)

It's the return, East Atlanta, Santa!

Off the wall, Off the chain
Off the top, I'm off the leash
So many freaks coming by the spot
Had to move, I broke the lease
I'm a dog, street gorilla
Going ape shit, I'm a beast
You feeling froggish, nigga jump
Got the pump on me capiche
I'm complete, can't compete
Pussy nigga check my physique
I'm a freak, made 3 albums in 6 months
I'm so unique, I'm elite
I'm prestigious, got two hoes in the same regions
And all day all I dream about is sex
That's why I got on Yeezys
The Trap god but I love Jesus
Jesus Jesus Goodness gracious
All these sauce it's getting contagious
Done in Vegas stays in Vegas
Punch Put a brick down put it back together
Cash and dope go hand in hand
Hand you the yey, hand me the bags
It's Gucci!

I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
Neck like water
Wrists like water
Ear rings, fingers and they look like water
Just bought a house and it's right by water
I'm the Trap God and I walk on water

I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
Neck like water
Wrists like water
Fingers, ear rings man they look like water
Built me a house and it's right by water
I'm the Trap God and I walk on water

G-Gucci Mane I'm the water man
Make it rain, do the water dance
Water dripping like the faucet drip
Hit ten hoes on my Florida trip
Like 21 Savage I slaughter them
Thirty thousand dollars I ordered it
Night and day, I spend this shit
Like Lil Uzi Vert, I'm dripping it
You can walk on water too if have faith in me
I got high paid killers, you safe with me

Set me up on first date, Don't wait on me
I'm a human highlight, first take with me
If you got a who needs a wraith
If you got a bank, who needs a safe
Buy the restaurant, who needs a chef
My game's too official, who needs a ref
When the Wopter call, don't hold your breathe
I came to ball, until nothing left
Balenciaga sneakers, baby watch your step
All you rappers broke, But I came to help
I'm Rick Flair, I came to take your belt
East Atlanta Santa, you just an elf
When I do it, I do it, I do it to death
All this haters can go to hell!

I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
Neck like water
Wrists like water
Ear rings, fingers and they look like water
Just bought a house and it's right by water
I'm the Trap God and I walk on water

I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
I'm the Trap God and I walk on water
