

Sleep Over Jack

Guided by Voices

It hurts me, mind you, in the dark
Come outside and play the spark
Ragged enzyme horror shows
Half smiles of the decomposed, I know

Fit me into your thimble
I'll be your comeback trail
All wheels and no control
A restless shadow, oh
Oh, oh, oh

Skeptic having dates and facts
Handy with the battleaxe
Home is not your woman's head
Play the spark is what I said, I know
I know

You're gonna fuck up my make-up
You're gonna make up my fuck-up
They call me Sleep Over Jack
Now serving confident product
Ice pick in the heart rate
And you will never be next

(I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!
I know!)
