

Your Name Is Wild

Guided by Voices

Time to say to you my child
Your name is wild

And if you called me in
To change the color
Your name is wild

And I'll be taking you soon now
To read the orange signs
And I say now to you so what
The useless fade in time

You chose me to read you no lies
Hooray for the day
And I'll pay the angels to keep you, my child
You are safer now
God knows it too
