

Big Dog

Guillemots

When you love someone
And you trust someone
None of the world can tell you that they're lying

Then you lose someone
And the bee gets stung
And the only real thing you wanna see it do is die

Hear the animals sing:

Big heart
Big hug
Big dog
That's what I want

So let's not pretend
We're the best of friends
All of the world can see that we've been crying

And the pressure's on
Now the red light's on
See me break down
See me break down
See me break down
See me break down

It's not over
It's all over

Sick and tired of your pretty face
So sick of it
Sick and tired of it

Get out, get on
Big dog, I don't know what I want
You're the sole in my shoes
But I can't get along with you

It's not over
It's over

Nothing is everything now

Big heart
Big hug
Big dog
That's what I want
