It don't really matter
You're gonna find out for yourself
No it don't really matter
You're gonna leave this thing to somebody else

If they were missionaries
Real time visionaries
Sitting in a Chinese stew
To view my dis-in-fat-u-ation

I know that I'm a classic case
Watch my disenchanted face
Blame it on the Falun Gong
They've seen the end and it can't hold on now

'Cause it would take a lot more hate than you
To end the fascination
Even with an iron fist
All they got to rule the nation
When all I've got is precious time

It don't really matter
Guess I'll keep it to myself
Said it don't really matter
It's time I look around for somebody else

'Cause it would take a lot more time than you
Have got for masturbation
Even with your iron fist
All they got to rule the nation
When all we got is precious time
All they got to fool the nation
When all I got is precious time

It don't really matter
I guess you'll find out for yourself
No it don't really matter
So you can hear it now from somebody else

You think you got it all locked up inside
And if you beat 'em enough they'll die
It's like a walk in the park from a cell
And now you're keeping your own kind in hell
When your great wall rocks blame yourself
While their arms reach up for your help
And you're out of time
