

# What You Wish For

Guster

**E**

**E**

Woke up today to everything grey  
and all that i saw just kept going on and on

**A** **F#mi** **E**

sweep all the pieces under the bed

**A** **F#mi**

close all the curtains and cover my head

**H** **H/A**

and what you wish for won't come true

**H/As** **H/F#**

you aren't surprised love, are you?

**E**

**E**

if this serenade  
(repeat after me) (just a little bit closer)  
is not what you want  
(do what is sane) (caught up in a lie)  
it's just how it is,  
(won't change a thing) (got a little bit colder)  
it keeps going on and on (unison "on and on")

**A** **F#mi** **E**

come out, come out where ever you are

**A** **F#mi**

would you do it all over right from the start

**H** **H/A**

and what you wish for won't come true

**H/As** **H/F#**

you aren't surprised love, are you?

**E**

**H** **H/A**

and what you wish for won't come true

**H/As** **H/F#**

you aren't surprised love, are you?

**E**

**D** **A**

**D** **H**

i never dreamed that i would let her go

**Esus4** **E**

**E**

and i will get what i deserve

**A** **F#mi** **Esus4** **E**

**A** **F#mi**  
open the curtains, forget what i said  
**H** **H/A**  
and what you wished for could come true  
**H/As** **H/F#**  
you aren't surprised love, are you?
