

## Born In the U.S.A.

Guttermouth

Go fuck your system  
I'd rather die  
Than support your terrorist war  
Leave it alone  
You levy your tax  
Deny me a job  
Fucking cops harassing me  
Just tell me why

Why why why

Capitalist lies  
Fascist mom and dad  
Identity is washed away  
Bloodsucking state  
Clinton equals Hitler  
Money fans the flames  
Idol worship like a sheep  
Don't let them win  
Don't use your brain  
Everything's ok  
Relax and watch tv  
Have a nice day no

No no no

The human race is gone  
Thanks to WW3  
You gave your life for nothing son  
Son of liberty die

Die die die

Don't let them win  
Don't cast a vote  
Don't live in silence  
Don't put down your arms  
Don't be a puppet  
Don't choose their way  
Don't feed the bears  
Don't live their lie
