

Taller, Stronger, Better

Guy Sebastian

I've met the darkness
Been held by the night
Lonely was there in my arms
I've been with broken
I've stared in her eyes
Emptiness left me this scar

But I heard your voice, Calling me out of the cold

And now I can live again
I have been chosen to run with the wind
I can go higher
I know I will soar
I'm taller, I'm stronger, I'm better than before

I've walked through fire
So I could become
All that you said I could be
And now my breath has a reason
My sky has a sun
Cos in you I've found all that I need

Your touch revived me, It was your love that opened my eyes

I broke through the rain
Stood through the storm
Now I know I'll remain
I can do the impossible
I can reach the unreachable
It's my time
I will rise
And live...

[Chorus]
