

# Wonderful Life

Gwen Stefani

I haven't thought of you for years you know  
Your memory seems to come & go  
Our time meant so much to me  
Now you can't be found  
You were the first to want me, the first to love me, the first to need me  
Who was the last to know you? The last to love you? The last to hold you?

[CHORUS]

It's a wonderful Wonderful Life (so wonderful)  
It's a wonderful Wonderful Life (so wonderful)  
It's a wonderful Wonderful Life (so wonderful)  
Such a wonderful Wonderful Life

I thought of you again today  
Reminded me how with time I've changed  
If you only knew what you gave to me  
Now you can't be found  
You were the first I trusted  
I learned what love is when we were just kids  
When did you get so lost? How could you think you were better off?

[CHORUS]

It's a wonderful Wonderful Life (so wonderful)  
Why'd you have to say goodbye?  
It's a wonderful Wonderful Life (so wonderful)  
Such a wonderful Wonderful Life

Thank you for those special moments  
You will always be here in my mind  
Did you know you changed my life?  
I'm thankful for that time  
I'm thankful for that time  
I'm thankful for that time

[CHORUS]

It's a wonderful Wonderful Life  
Why'd you have to say goodbye?  
It's a wonderful Wonderful Life (so wonderful)  
I'm asking why but I'll never know  
It's a wonderful Wonderful Life (so wonderful)  
Why'd you have to say goodbye?  
It's a wonderful Wonderful Life (so wonderful)  
Such a wonderful Wonderful Life  
It's a wonderful Wonderful Life  
Such a wonderful Wonderful Life
