

Furtive Dissection

Haemorrhage

Drunk on bile, high on rot gorged on pus and putrefaction
I need something to relieve my professional frustration

...forensic gory lust, furtive dissection
...decrepit body rots, furtive dissection

Dissecting to satisfy my necrosadist desires
Surgical necrophilism pathological deviance

...forensic gory lust, furtive dissection
...decrepit body rots, furtive dissection

Crippling organs sawing bones
Lacerating putrid intestines
My probing scalpel in your bowels
Morbid amateur autopsy

Blood splashes on the white-tiled walls
Nocturnal postmortem ravage
Limbs and innards on the floor
Remains of my atrocious carnage

Every night I must perform my malicious anatomy
I forget my bprong life with this sick sinister hobby

...forensic gory lust, furtive dissection
...decrepit body rots, furtive dissection
