

Syndicate of Sickness

Haemorrhage

Gathered in the morgue to hack, rip and dismember
The perverted kings of gore stand around the autopsy table

Depraved, morticians, insane pathologists
Forensic, delinquents, the elite of pathology

Postmortem abattoir for butchering dissections
Cadavers sickly spoiled by fanatical prosectors

Depraved, morticians, insane pathologists
Forensic, delinquents, the elite of pathology

Sick professors of carnage...
Mutilation architects...
Execrators of the sane...
Syndicate of sickness...

The dead bodies we dissect with malicious disrespect
Hippocratic oath we break... in the name of gore
Defiling the anatomy with our surgical steel
Dedication to the sick... from the emetic cult

Anatomically divided: organs, limbs and eyeballs
Solemnly entombed in our morgue's refrigerator

Depraved, morticians, insane pathologists
Forensic, delinquents, the elite of pathology

Sick professors of carnage...
Mutilation architects...
Execrators of the sane...
Syndicate of sickness...
