

All That Ever Mattered

HAIM

Oh, when I look in your face, when I look in your eyes
This is not what you wanted
You never liked surprises
It's not about them or what they think we do
I never cared about what they say
Only cared about me and you

I'm not something that you can buy
You know that I've never been that type
I never cared about this life
'Cause if you took it away

All that ever mattered was you, oh, baby
All that ever mattered was you
And I guess you never knew
All that ever mattered was you

So what is it like now that you don't have me?
So what is it like? Never mind, don't tell me
Do you think about all the things I did to you?
Do you think about how to get me back
When you remember that it's me?

All that ever mattered was you, oh, baby
All that ever mattered was you, oh, baby
And I guess you never knew
All that ever mattered was you, baby

I'm pulling away
I'm pulling away
I'm pulling away

All that ever mattered was you, baby
All that ever mattered was you, baby
And I guess you never knew
All that ever mattered was you, baby
