

# What Sober Couldn't Say

Halestorm

Headed for a blackout  
Hurting like hell  
Finding my way to bottom of the bottle  
Packing up my suitcase  
Leaving no trace  
One step closer with every swallow

A deafening silence  
Like you like me  
Where you want me  
Saying nothing  
But not this time  
I'm gonna say  
I'm gonna say

What sober couldn't say  
Couldn't break thru  
Under the influence of you  
Incoherent, truth serum  
Just enough to make me bullet proof  
I'm so over this love gone violent  
I'm drunk and brave enough to say  
What sober couldn't say

Criminal in my mind  
I've been doing time  
Believing in the lie  
That you still loved me  
Making up for  
The slamming of the door  
Always wanting more but never giving

Sick of crying  
Tired of trying  
Always buying  
Into every kiss  
But not this time  
I'm gonna say

What sober couldn't say  
Couldn't break thru  
Under the influence of you  
Incoherent, truth serum  
Just enough to make me bullet proof  
I'm so over this love gone violent  
I'm drunk and brave enough to say  
What sober couldn't say

Ooh...  
This is my intervention  
Getting your attention  
Ooh...  
I'm gonna say  
I'm gonna say  
I'm gonna say

What sober couldn't say

Couldn't break thru  
Under the influence of you  
Incoherent, truth serum  
Just enough to make me bullet proof  
I'm so over this love gone violent  
I'm drunk and brave enough to say  
What sober couldn't say

What sober couldn't say

I'm so over this love gone violent  
I'm drunk and brave enough to say

I'm over this  
So over this
