

## Portable Radio

Hall & Oates

Take your pick of the modulation  
Like a kid in a candy store  
It's a hand-carry situation  
Made for lying on the beach  
Or dancin in the streets  
You got your pertinent information  
Or you can tune in to hear the scores  
There's a power in a million stations  
You can't ignore

Radio  
crank up the power  
Radio  
rock it for hours and hours  
Radio  
play it soft and low  
Viva la Portable Radio  
turn up the power all night

Well I don't wanna hear no static  
And I don't wanna hear no jaw  
Put them platters on automatic  
I cannot get enough  
Got to give me more and more  
Play some soul for the congregation  
Rock n' roll for the kids next door  
Charge up your batteries across the nation  
Viva la Portable Radio  
It's x-static
