

Feel So Fine

Johnny Hallyday

Feel so fine little girl now you're mine
Come and let me hug you
Come and let me kiss you
Come and let me see what I've been missing
Feel so grand now that you've come back home

Your love's so good
Baby like I knew you would
Come and let me hug you
Come and let me kiss you
Come and let me see what I've been missing
Feel so grand now that you've come back home
Yeah

Feel so fine little girl now you're mine
Come and let me hug you
Come and let me kiss you
Come and let me see what I've been missing
Feel so grand now that you've come back home

Well your love's so good
So fine like I knew you would
Come and let me hug you
Come and let me kiss you
Come and let me see what I've been missing
Feel so grand now that you've come back home

Feel so fine little girl now you're mine
Come and let me hug you
Come and let me kiss you
Come and let me see what I've been missing
Feel so grand now that you've come back home

Feel so grand now that you've come back home

Now that you've come back home...
