

# Shake The Hand Of A Fool

Johnny Hallyday

Shake the hand of a fool  
Who live by every rule  
Shake the hand of a man  
Who play it in the game of love and lost again

Shake the hand of a fool  
The world's biggest fool  
For believing your every word  
Now I have loneliness and a broken heart as a mighty one

Oh what a fool to believe  
All those lies you told to me  
But how was I to know  
That you take my love and abuse my heart  
And let me go

Shake the hand of a fool  
The world's biggest fool  
For believing your every word  
Now I have loneliness and a broken heart as a mighty one

I was so proud to call you mine  
Every know that old time  
You have broken my every rule  
Just waiting for the chance to play me for a fool

Shake the hand of a fool  
The world's biggest fool  
For believing your every word  
Now I have loneliness and a broken heart as a mighty one  
...
