

## Won't Go to Heaven

Hardcore Superstar

I hate it when you touch me  
All your jealousy  
You don't really know me  
Damn I need something new  
I'm sick of being your tool  
Not my fantasy  
I'm not your clown  
I'm not your fool  
Damn I need something new

Envy  
Empty  
Won't go to heaven for sure  
Greedy  
Jealousy  
No place in heaven  
It's full

Sentimental bullshit  
Time to take a zip  
I'm sick of being your prick  
Damn I need something new
