

Let Them All Rot

Hatebreed

Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all their heads and...

Let them rot!
Let them all fucking rot!
Let 'em rot

Welcome to the land of the psychic dead
Breeding ground for the living condemned
No meaning, no shame, just blind consumption
Minds of the weak in perpetual dysfunction

Give them what they want

Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all their heads and...

Let them rot!
Let them all fucking rot!
Let 'em rot

Enter the mind of the spiritually doomed
Gratification never comes too soon
Demoralization, worship the sick
Absorb the trauma, then re-inflict
Re-inflict
Absorb the trauma
Then re-inflict
Give them what they want!

Pile all the heads
Pile them high
Pile all their heads and...

Let them rot!

Let them all fucking rot!
Let 'em rot

Give them what they want
New ways to die
Pile all the heads
Pile them high
Give them what they want
New ways to die
Pile all their heads and...
Let them rot
