

Dressed Down

Have Mercy

Dressed down on the bed again
I always loved you that way
I know it's not where you want me to be
But I just kinda want you to say

Love me like there's nowhere to go
Love me like there's nowhere to go
Love me like there's nowhere to go
Love me like there's nowhere to go

And I'm sick on the floor again
You always hate me this way
I know I'm not who you thought I would be
But I just kinda want you to say

You love me like there's nowhere to go
You love me like there's nowhere to go
Love me like there's nowhere to go
You love me like there's nowhere to go

And if you do I'll remind you about every hurtful thing you've
ever said
And if you do just know I'll be there and I'll stop wishing and
stop hoping I was dead
Cause God I've gotta figure my shit out or no one will fall int
o me again
So take my blood and take my comfort, you'll have every inch of
me I've ever been

Just love me like there's nowhere to go
Love me like there's nowhere to go
