## Have Mercy

Tired of your shit  
Your dirty lips kiss the ground he walks on  
Does he make you feel like heaven when he speaks  
He's got the same f\*cked look as me  
Confused and always angry  
That's why you left, but I digress  
It's not the best for you and me  
For me

Tired of your shit  
Your dirty lips kiss the ground he walks on  
Does he make you feel like heaven when he speaks  
He's got the same f\*cked look as me  
Confused and always angry  
That's why you left, but I digress  
It's not the best for you and me

I've got a funny gut feeling he won't make it home  
I cut the brakes on his Camaro

I never knew I was his reaper  
Bet he never knew that I was so deranged  
I never knew I was his reaper  
But a lot of things have changed  
Does it get you high every tear she sheds  
You're so far in her head  
I never knew I was his reaper  
But a lot of things have changed

I'm tired of your stories  
You used to bask in all mine too  
Does he make you feel all nervous when he moves  
He's got the same scars you can't see

He's f\*cked up all just like me  
That's why you left, but I digress  
It's not the best for you and me

I've got a funny gut feeling he won't make it home  
I cut the brakes on his Camaro

I never knew I was his reaper  
Bet he never knew that I was so deranged  
I never knew I was his reaper  
But a lot of things have changed  
Does it get you high every tear she sheds  
You're so far in her head  
I never knew I was his reaper  
But a lot of things have changed

So when you grieve tonight will you think of me?  
I know my timing's off, I've got somewhere I'd rather be  
Do you wanna sleep with him again  
He's just your little boyfriend I took away

I never knew I was his reaper  
Bet he never knew that I was so deranged

I never knew I was his reaper  
But a lot of things have changed  
Does it get you high every tear she sheds  
You're so far in her head  
I never knew I was his reaper  
But a lot of things have changed

I never knew I was his reaper
