

Four Becomes One

Hawthorne Heights

And you will live on,
Our hearts will beat stronger
as we remain as one
We will last just a little while longer
And as we pull ourselves together,
we cant help but be torn apart
We always have eachother
just like it was from the start

When five becomes four
and four becomes one
Your not just passing on
your passing on all the fun we had,
you made us laugh
We only cried but once
You made us laugh,
infront of crowds
on display for everyone
The time has come now
and we must figure out,
Driving north or going south
growing up but falling down
but as we pull ourselves together
We cant help but be torn apart
and we will always have eachother
Just like it was from the start

When five becomes four
and four becomes one
Your not just passing on
your passing on all the fun we had,
you made us laugh
we only cried but once
You made us laugh
infront of crowds
on display for everyone
(x2)

And the time has come now
and we must figure out
Driving north or going south
growing up but falling down
