

# A Belle To Remember

Hayley Kiyoko

Oh-oh-oh  
(Oh-oh-oh)  
Go ahead and break my...

Get out  
You're so old  
You're out  
I'm cold  
You got me untied  
I'm in a beehive  
I'm buzzing, stinging, wanting  
How sweet  
Begin a new flee  
Your moves are off-beat  
I'm tryna get by  
I'm in the beehive  
I'm wanting, feelings  
You once had for me

So go ahead, break my heart  
You'll keep hearing me from afar

Cause I'm a belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me  
Belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me

Rebound you might have  
The girls won't match  
You try to get by  
I can't leave your mind  
I'm swimming...  
You're wanting for me  
To bad it's your loss  
You left me undone  
You said your goodbye  
I've left my beehive  
I'm searching, living, wanting some peace

Cause I'm a belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me  
Belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me

Belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me

Belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me

Go ahead and break my heart  
Go ahead and break my heart

Cause I'm a belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me  
Belle to remember (go ahead, break my heart)  
You'll keep hearing me from afar

I'm a belle to remember  
Do you remember?  
A belle to remember  
You'll want to love me

Go ahead and break my heart  
Go ahead and break my heart
