

# deep in the woods

Hayley Kiyoko

Divin' deep in the woods  
Plant my feet where you stood  
I get lost in your mind  
Come and find me  
Hear your voice, are you there?  
Through the trees, fill the air  
Follow me, I won't leave  
Step beside me

'Cause, girl, I need it bad as breathing  
Keep me here, never let me go, let me go  
All I want is to be close to you  
Baby, I  
I know I met you in another life  
You're unforgettable  
It's like you're my dream, my déjà vu, a ghost  
You'll be right there wherever I go, I

Divin' deep in the woods  
Plant my feet where you stood  
I get lost in your mind  
It's exciting  
Shadows climb up the stairs  
Hold 'em 'til you're not scared  
Promise you I'll be there  
Come and find me

(I) Want your body on my body  
All the way, yeah, I'm letting go, letting go  
All I want is to be close to you

Baby, I  
I know I met you in another life  
You're unforgettable  
It's like you're my dream, my déjà vu, a ghost  
You'll be right there wherever I go, I  
(I know where you hide and)  
(I'll go, deep in the woods)  
(I know where you hide and)  
(I'll go, deep in the woods)

'Cause, girl, I need it bad as breathing  
Keep me here, never let me go, let me go  
All I want is to be close to you

Baby, I  
I know I met you in another life  
You're unforgettable  
It's like you're my dream, my déjà vu, a ghost  
You'll be right there wherever I go, I
