

# Molecules

Hayley Kiyoko

Pillars of my heart  
Everything got shattered in the dark  
Tried to be evolved  
Does it really matter at all?

Feathers on the red bed  
Messy on the floorboards  
Data in my head gets  
Caught up in the drugstores  
Make me feel again  
Make me feel again

So what should I do?  
All that's left is molecules of you  
Tried to rearrange  
Did you feel that everything was strange?

Dancing in the red rain  
Tied up to the bedpost  
Falling like a tear stain  
Only for your cold ghost  
Make me feel again  
Make me feel again

I've lost you  
I've lost you  
I've lost you

(Nah nah na-nah na-nah nah)  
(Nah nah na-nah na-nah)  
(Nah nah na-nah na-nah nah)

Keep me wide awake  
Every cell I feel your body ache  
Can we stop the fall?  
Does it really matter at all?

Feathers on the red bed  
Messy on the floorboards  
Data in my head gets  
Caught up in the drugstores  
Make me feel again  
Make me feel again

(Nah nah na-nah na-nah nah)  
(Nah nah na-nah na-nah)

I've lost you  
I've lost you  
I've lost you

(Nah nah na-nah na-nah nah)  
(Nah nah na-nah na-nah)  
(Nah nah na-nah na-nah nah)
