

# She

Hayley Kiyoko

She acts like she's in 7th grade  
But actually she's 20-gay  
And she been telling people she don't date that it ain't for her  
She's been so in love for a real long time and it ain't her first

She keeps driving down the PCH  
It's the only thing that numbs the pain

Don't wanna be dreamin', warm in bed  
Don't wanna be old with one regret  
Gotta be a diva, have respect  
Be that girl you can't forget  
If you try to make her less  
She'll stand up and pound her chest  
You'll be mad she ain't a part of your life  
Miss do it right

She works all night, she's never home  
Her momma taught her all she knows  
She tried it, wore the mask and to put on a face but her feelings show  
And everything that she ever says is taken wrong

She keeps driving down the PCH  
It's the only thing that numbs the pain

Don't wanna be dreamin', warm in bed  
Don't wanna be old with one regret  
Gotta be a diva, have respect  
Be that girl you can't forget  
If you try to make her less  
She'll stand up and pound her chest  
You'll be mad she ain't a part of your life  
Miss do it right

Done, she's gonna get it done  
She'll do it on the run  
But still have so much fun, fun  
Done, she's gonna get it done  
She'll do it on the run  
But still have so much fun, fun

Don't wanna be dreamin', warm in bed  
Don't wanna be old with one regret  
Gotta be a diva, have respect  
Be that girl you can't forget  
If you try to make her less  
She'll stand up and pound her chest  
You'll be mad she ain't a part of your life  
Miss do it right
