

supposed to be

Hayley Kiyoko

There's so many ways you could ruin my whole day
Like when you walked out and you told me you need space
Then you back walk in with nothing good to say
Are you over me? I see it on your face, ooh, yeah

When I think about the future, didn't think I'd lose ya
Your clothes are in the bedroom, reminding me of your body
Now we got no future, don't know what to do now
'Cause I wish you were coming

Tell me is this how it's supposed to be?
Only you can make me this lonely
I can't have you going on and on and on and on without me
Tell me is this how it's supposed to go?
Loving you is all I wanna know
I can't have you going on and on and on and on without me

How many times will it take till I lose my mind?
How many times will I take back my goodbyes?
How many nights will I say I want you back?
Wish I didn't have to chase the past (Past)

When I think about the future, didn't think I'd lose ya
Your perfume in the bathroom, I wear it so you cover me
Now we got no future, don't know what to do now
'Cause I wish you were coming

Tell me is this how it's supposed to be?
Only you can make me this lonely
I can't have you going on and on and on and on without me
Tell me is this how it's supposed to go?
Loving you is all I wanna know
I can't have you going on and on and on and on without me

Don't have to go this way, don't pull away, I'm here to stay
'Cause you're not just anybody, anybody, anybody
Come be my one and only, girl, don't you wanna hold me?
I need to know

Tell me is this how it's supposed to be?
Only you can make me this lonely
I can't have you going on and on and on and on without me
Tell me is this how it's supposed to go?
Loving you is all I wanna know
I can't have you going on and on and on and on without me
Tell me is this how it's supposed to be?
