

Sleep On

Hayley Westenra

The world out there -
The heavens all - to sleep,
And I am here,
A watch with you to keep.

Sleep on... sleep on... sleep deep and sleep strong
Sleep on... sleep on... the road of life is long
I whisper a prayer, may your path be clear...
Sleep on...

May you be wise,
In answer to your call,
May you still rise,
If ever you should fall.

Sleep on... sleep on... sleep deep and sleep strong
Sleep on... sleep on... the road of life is long
I whisper a prayer, may your path be clear...
Sleep on... sleep on... sleep on!
