

## Stay Awake

Hayley Westenra

Stay awake, don't rest your head  
Don't lie down upon your bed  
While the moon drifts in the skies  
Stay awake, don't close your eyes

Though the world is fast asleep  
Though your pillow's soft and deep  
You're not sleepy as you seem  
Stay awake, don't nod and dream  
Stay awake, don't nod and dream
