

Goons Involved

Haystak

INTRO

A lot of cats, is not killers
A lot of cats is not murderers
But then again them dudes is not broke and they are not cowards
A lot of times a man got to much going on to appeal and try to convey what you talking about
So he'll just drop 5 stacks, and you won't be talking about nothing, feel me

Get them goons involved, and you can't walk like you used to walk
Run the streets talking all that tough talk
Ya big mouth, done made ya momma quit her job
Cause her son disrespected a real life mob
Babymoms gotta get moved, cause you can't have your infant being handled by a goon
What they do, you can't hide, couldn't even called em off if I tried
Cause they'll come back, and do me in. Cause they see I'm not who they thought I was then
That's not gone happen, good luck with that. Let a lot of talk slide, before I did that
I'm a grown man, I got to much going on. Now they carving your name in a stone
A new suit, a viewing in 2. Almost everybody came through for the food

You done messed around, got them goons involved
Now it's chik chik, clack clack, problem solved
Just a little money got moved around, but that was more then enough to put you in the ground
Say You done messed around, got them goons involved
Then it's chik chik, clack clack, problem solved
Just a little money put to work, but that was more then enough to put you in the dirt

Now come on, got them goons involved and your spots got hot
Your afraid, trying to pretend your not
Them goons, ain't letting you rest, and if you do you go to bed in a vest
With an AR right beside you, wishing you was where you sent your wife to, your kids, and your moms, and your grandmas out the way
You ain't made a dollar in fifteen (15) days
You shower at the hotel, riding round in rental cars
Your whole entourage treat you like you got

Bird flu, they ain't trying to be around you
That's what your homie's do when it goes down foo
Coming out the stash they surrounded you, about six minutes later police pronounced you, dead where they found you
Fact is it coulda happened for an ounce fool

The goons get involved, and you peeping out the blinds
Them goons get involved, and you thinking bout retiring
The goons get involved, it's just a matter of time
Your people shoulda taught you about that line
Don't cross it, them goons will turn you into a blood faucet right in front o
f your daughter
Slaughter, that's the way it goes down
Catch you leaving court, right downtown bust it right there right in front o
f the law
And get to shooting with them, it's goon game so raw
He may not see you twice, he gotta get you then, because if his homeboy hit
ya, that money go to him
A contract's a contract. Combat's combat. Sucka boy you know where I'm at
My goons are so official, whatcha gonna do with that little ole pistol
