

# Brooklyn is Burning

Head Automatica

You strangle people with a piercing stare,  
I can't believe I made it,  
The way you operate is so severe, so severe,  
I hate it,  
You strangle people with a sneering grin,  
I can't believe i made,  
Brooklyn is burning down the discotheque, discotheque  
Lets shake it,  
I feel the fire tonight,  
I hear, I hear the people cry,  
I see the people now,  
I got I got what the people want,  
You send a message in the atmosphere and everyone starts running,  
The way you operate is so severe, so severe,  
I hate it,  
You send a message in your beady stare and everyone starts running,  
Brooklyn is burning and by your side, by your side, we're dancing
