Love Alive

The Sky was dark this morning When I raised my head I stood at the window -Darkness was my bane

Suddenly a sunbeam arch Thrilled me to my weary heart It was the prettiest thing I'd ever seen

I knew I had to keep my Love Keep my Love alive Keep my Love - Keep my Love live

Baby I want you to roll me Hold me in your love No more habits, promises and jive Ever since I was a baby girl Wanted one thing most in this world It was to Keep My Love -Keep My Love alive

I want to keep my Love -Keep my Love alive Keep my Love - keep my love alive

You're up there under the spotlight Your silver trophy shines With all you got, my lord! You must get high You need a whole lot more than money You need more than to survive You need to keep your Love Keep your Love alive
