Wheels

Night inside the city Empty sidewalks Stretching under dizzy lights Rain is hummin' The streets are runnin' Underneath the neon lights We run together We'll run forever Outta here ridin' the wheels

Look at pretty windows At shiny people Statues under sparkling lights Just take a picture And a melted moment Flashin' on the crazy ride Just close your eyes now And breathe a sigh now We're gettin' outta here Outta here Ridin' the wheels (Ridin' the wheels) 0oo-uh Ridin' the wheels (Ridin' the wheels) Ridin' the wheels

(Wheels)

```
Outta here, ridin' the wheels
(Ridin' the wheels)
Ridin' the wheels
Ridin' the wheels
(Ridin' the wheels)
Ridin', ridin' the wheels
(Ridin' the wheels)
Ridin', ridin', ridin' the wheels
Ridin' the wheels
Ooo-oh
Oh
Aye
```
