

# Rewild Me

Heather Nova

I'm over the hate  
And I'm over the gate  
And I'm gone  
Like a fox in the meadow  
No one on my trail  
I'm gone

Rewild my heart, let me be  
The sum of my parts, me

Cause I'm over the blame  
And I'm over the shame  
And I'm gone  
Like a fox in the meadow  
Bright flash in the shadows  
I'm gone

Rewild my heart, let me find  
My animal part, the divine

And I want to feel wonder  
And I want to lie under the big trees  
And I want to sink into the blue sea  
Rewild me

In the sweetness of nature  
I'm free from the failures  
I'm gone  
No slave to the longing  
I'm one with belonging  
I'm gone  
Gone  
Gone  
Gone
