

Turn Around

Heatwave

If you want to hide out 'cause things go wrong
And nothing goes your way
Find out that you are strong
Put your fears away

Then you oughta turn around

You will need to show that you have control
And no one is your kind
Know that within your soul
You can't hurt your pride

'Cause you want to turn around
And take a look, you'll see

Turn around and take a look
And you will see what you are looking for
Turn yourself around
And you will see what you are looking for

If you have the stations and don't know why
You need to unwind
Temptations will pass you by
You'll find peace of mind

So just turn around

Just know the direction, and then one day
You will see the light

Then you wanna turn around
And take a look, you'll see

Turn around and take a look
And you will see what you are looking for
Turn yourself around
And you will see what you are looking for
Turn yourself around
And you will see what you are looking for
Turn yourself around

Turn around
Turn around
Turn around
Turn around
(If you don't know which way to go, turn yourself around)
(Turn yourself around)
Turn around
(Around, around)
Turn around
(If you don't know which way to go, turn yourself around)
(Turn yourself around)
Turn around
(If you don't know which way to go, turn yourself around)
(Turn yourself around)
