

Crystal Bullet

Helalyn Flowers

I was living in a little box
Sorrow made
Broken up just like you
When there comes the rain

I won't turn around
I'm afraid, away
All that I ever wanted to play

I am frozen like an angel
I can feel it on my own
Like a crystal bullet trapped inside a whisper full of love
Like a crystal bullet trapped inside a whisper full of love

I was living in a little box
Sorrow made
Broken up just like you
When there comes the rain

I need to tell about the day, I may
Am I free to live just my own way

I am frozen like an angel
I can feel it on my own
Like a crystal bullet trapped inside a whisper full of love
Like a crystal bullet trapped inside a whisper full of love

And I walk over
And I believe
And I love the long ago
I believe
Enter
Wake up

I am frozen like an angel
I can feel it on my own

I am frozen like an angel
I can feel it on my own
Like a crystal bullet trapped inside a whisper full of love
Like a crystal bullet trapped inside a whisper full of love
