

Psychic Vamp

Helalyn Flowers

(I'm gonna make you cry)
Just another situation
Cold minds tryin' transformations
You live in a crystal paradise
Pretending to be free and alive
But every second you live
Is a blind contradiction
And now your plastic smile
Makes me crazy

(I'm gonna make you cry)
Seems like another victim
Needs a piece of my Hell
But do you really need
To fill in my shoes?
'Cause I'm going to make you cry
Here you are
Without temptations
Victim of your imitations
Who said that Eden is clean and white?

Your innocence is just a crime
But every second you live
Is a blind contradiction
And your empty smile
Makes me so crazy

(I'm gonna make you cry)
Seems like another victim
Needs a piece of my Hell
But do you really need
To fill in my shoes?
'Cause I'm going to make you cry
Seems like another victim
