

# Beautiful Dream

Helena Vondráčková

When I met you on the street  
I should have turned around  
But I couldn't move my feet  
I couldn't make a sound  
I was dreaming in a paradise

You said you were all alone  
Would I be the one ?  
Did I have a heart of stone  
Or like to have some fun  
I was dreaming in a paradise

Beautiful dream  
/Dream dream/  
I remember  
I was feeling like a seventeen

Beautiful dream  
/Dream dream/  
I was shining just like a brand new cream

You were very nice to say  
That I was looking fine  
Later on on the same day  
You said I was divine  
I was dreaming in a paradise

Then you said I was your friend  
And maybe even more  
Someone who can understand  
And open every door  
I would follow never knowing why

Beautiful dream  
/Dream dream/  
I remember  
I was feeling like a seventeen

Beautiful dream  
/Dream dream/  
I was shining just like a brand new cream

Flying in a starry sky  
And laughing all the time  
I was pretty quickly yours  
And you were more than mine

Your kisses coming down like rain  
And things I've never seen  
You have softly called my name  
The rest is just a dream

Beautiful dream  
I remember  
I was feeling like a seventeen

Beautiful dream

I was shining just like a brand new cream

Beautiful dream

I remember

I was feeling like a seventeen

Beautiful dream

I was shining just like a brand new cream

Beautiful dream.
