

## Piano of Dreams

Helena Vondráčková

Play for me just  
A little while  
Here's your piano of dreams  
And it sounds  
Always good and in style

Now you're great as  
You can be  
Known in every  
Concert hall  
Do you still  
See those nights and those days  
Before you found your place  
You gave your all

On and on  
You had to go  
I know  
All your dreams  
Changed  
Into one

Play for me just  
A little more  
Here's your piano of dreams  
It's the one  
You were always made for

Now you're greater  
Day by day  
Known in almost every place  
Do you still  
See those weeks and those years  
All my sorrows and tears  
Back in our "happy" days

On and on  
You had to give my love away  
Dream your dream  
Now you have just one love  
You had to leave me  
On your way  
Now your great in every way
