

Best Time

Helloween

I've got to get up
Take a power shot to trigger my mind
I had a bad trip
Gotta push myself back on the line
Yes I know I'm gonna be alright
I'm feeling better in the neon light

I will have the best time of my life
Yesterday is history, tomorrow is a mystery
I will have the best time of my life
Tomorrow is perfect day, another chance
More games to play

I was a fool
Feeling down, looking back, wasting my time
I have no fear
Now I know there will be a mountain to climb
Yes I know I'm gonna be alright
I'm feeling better in the neon night

I will have the best time of my life
Yesterday is history, tomorrow is a mystery
I will have the best time of my life
Tomorrow is a perfect day, Another chance
More games to play

There's nowhere left that we can go
Pushing on to higher goals
I know I must stop twisting my mind

I will have the best time of my life
Yesterday is history, tomorrow is a mystery
I will have the best time of my life
Tomorrow is a perfect day, another chance
More games to play

Yes, I will have the best time of my life
Tomorrow is a perfect day, another chance
More games to play

Yes, I will have the best time of my life
Yesterday is history, tomorrow is a mystery
