

Hell Was Made in Heaven

Helloween

There was a time, eating your mind
Eating your heart and your soul
Down to the bone, always alone
Nobody waiting at home

Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin

Ten years ago you made the vow
Promised your life and your love
Of all you have paid nothing returned
What is enough is enough

Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin

Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin
In sin, in sin, in sin
