

If A Mountain Could Talk

Helloween

Dmi **C**
We hurt who we love we destroy what we need

Dmi **C**
For profit we sell our souls

Dmi
We're sowing disaster, the mess is complete,
Fmi **G** **A**
Resources will soon be consumed

A **B**
Open your eyes see the signs all around;

Gmi **A**
Hoping fate will have mercy on all

A **B**
Someday the next generation will pay
C **Dmi C**
But one day it's too late to regret

Dmi **C** **Dmi** **C**
If a mountain could talk it would tell us a story

Gmi **F** **C**
To reign in love means just how to say sorry

Dmi **C** **Dmi** **C**
If an ocean could cry we would drown in it's tears

Gmi
Dusk breaks to dawn,
F **C** **Dmi**
Which we cannot survive without love

Dmi
Time passes by, time's gonna fly
C **B**
Life is much too short to understand it
C **Dmi**
Don't even try

Dmi
Time passes by, time's gonna fly
C B
Don't fill up your heart with hate and anger
C **Dmi**
Give it a try

Gmi **F** **A**
I know that things are going wrong sometimes
Gmi **F** **A**
But then we need to get it right
Gmi **F** **A**
I feel the pressure's so intense, sometimes,
Gmi **A BC**
I know we need a change tonight.

Dmi **C** **Dmi** **C**
If a mountain could talk it would tell us a story

Always on time always right on track

Expectations are set to the limit

Is it too late is there no turning back

All I need is a moment in peace
