In this river of lies

We're lost in this time
We create so fine
The future we already fear
Seems like no way out
Seems like there's no doubt
The future looks bright ahead

C D G

We're the kids of the century

We look in the haze

G

We're the kids of the century

From the lies you can't say

We're the kids of the century

We're lost in our games

No time for the memories

We look in the haze

We're the kids of the century

It wasn't our fault

Ev'ry thing's done num, we fall

Let's keep on crying

But sometimes I don't wanna fall
