

Windmill

Helloween

C G F G
Time goes whenever you are,
time is your guiding star,
That shines all through your life,
F C G
makes you feel and move.

My dreams are out in the far,
so are yours a part
Of secret fairy tales,
F C G C
dripped on the wings of a mystery mill.

C G F C
Windmill, windmill, keep on turning -
F Am F G
Show me the way, take me today.

Windmill, windmill, hearts are yearning -
F Am G Am G
Longing for love and a chance to be free.

Don't feel alone and depressed,
someone will come at last,
To soothe your stumbling mind,
to keep it away from the evil storm.

R:
Windmill, windmill, keep on turning -
Show me the way, take me today.
Windmill, windmill, hearts are yearning -
Longing for love and a chance to be free.
