

Bobby & Joe

Hepcat

Bobby and Joe out there do the rambo
Doin' that dance that no one ever know

Playing is a big big band while they're swinging
Playing is a big big song for the dance

First you move up your gun
Hold it straight to the sun now

Playing is a big big band while they're swinging
Playing is a big big song for the dance

Then you bounce up the dance
It can keep you in a trance

Playing is a big big band while they're swinging
Playing is a big big song for the dance

Bobby catch Joe mid-day on the patio
playing with a woman like no girl ever know
She pull out a big big gun from her pocket
point it down straight at the crotch of his pants

Bobby she do the rambo
Joe he get a big hole

Playing is a big big band while they're swinging
Playing is a big big song for the dance
