

# Hollywood Dreamin'

Her Bright Skies

Hello, friend  
i guess i fell again  
would you help me up?  
would you lend a hand?

Oh, these hollywood dreams  
brought out the best in me  
but i'm not what i used to be

We are dead  
but we'll live again  
we'll live again  
we are down  
but we will get up and  
someday you'll understand

Goodbye, friend  
i'm heading off again  
would you at least pretend  
would you at least pretend that i've

Still got a chance  
to make them sing and dance  
oh, how i hope to be  
the one who sweeps them off their feet

Still got a chance  
to make them sing and dance
