

Pain

Herman Brood

Groovin' and rollin' in any rotten town
Huntin' for kicks and chicks
Just foolin' round, just foolin' round
Know I'm suspicious, missin' the point
Bringin' you down
Talkin' trash like a blind horse
Runnin' round, runnin' round
Treat me like a yoyo, got me actin' like a dog
You told me you love me, but it's, it's never enough

Late at night, the nightmares came
I opened my eyes and told you
You're to blame, you're to blame child
You told me you love me, so don't treat me so tough
You told me you love me, why can't it never ever be enough

Never enough
Never enough
Never enough
Never enough
