

My Lady

Herman's Hermits

My lady,
I think about you every day
And nothing can ever take this away
From me
I'll always want you by my side
For ever more

My lady
I'm thinking of the way to say
All the things I've been thinking are true
About mine love, mine love for you
My lady

I should I say there's nothing left for me
If I don't tell that your smile
Tell I stay for a little while
My lady

My lady

My lady
I'm thinking of the way to say
All the things I've been thinking are true
About mine love, mine love for you
My lady

Should I say there's nothing left
If I don't tell that your smile
Shall I stay for a little while
My lady

My lady
My lady
