

# Nobody Needs to Know

Herman's Hermits

Nobody needs to know (Nobody needs to know)  
Just how strong our love is  
Nobody needs to know (Nobody needs to know)  
Just how strong our love is

And every way when I see you each day,  
When I see you standing there  
There is nothing to compare your love  
For me  
Can't you see

They tell everybody how you feel  
Don't let them know my love is real  
Will only say we playing games again  
To apart lovers such a shame

Nobody needs to know (Nobody needs to know)  
Just how strong our love is  
Nobody needs to know (Nobody needs to know)  
Just how strong our love is

And every way when I see you each day,  
When I see you standing there  
There is nothing to compare your love  
For me  
Can't you see

Nobody needs to know (Nobody needs to know)  
Just how strong our love is  
Nobody needs to know (Nobody needs to know)  
Just how strong our love is  
Nobody needs to know (Nobody needs to know)  
Nobody needs to know (Nobody needs to know)  
Nobody needs to know (Nobody needs to know)
